Subject: Scope of Work for Operable Unit 1 at US Oil Recovery Superfund Site
Date: Friday, June 28, 2013 4:37:51 PM
Attachments: [USOR OU-1 Scope of Work 06 28 2013 DRAFT FINAL.pdf](#)

Hi Raji,

Please see attached the Scope of Work for Operable Unit 1 (OU-1, the USOR Property) at the US Oil Recovery Superfund Site. This document is Appendix D to the Statement of Work for OU-1 and provides a detailed scope of work for the RI/FS. Once approved, this document will form the basis for the RI/FS Work Plan for OU-1.

There is a similar document in draft form for OU-2, the MCC property. We thought it would be more efficient to get your input on this document prior to finalizing the OU-2 scope of work since they look very much the same.

We look forward to discussing this with document with you. When you are ready to discuss, let us know and we can have a conference call or a meeting.

Regards,

Matt
